

Sample Presentation

A demonstration of Marp presentations integrated with Hugo

Slide 2: What is Marp?

- Marp is a Markdown presentation ecosystem
- Write slides in simple Markdown
- Export to HTML, PDF, and more
- Perfect for technical presentations

Slide 3: Key Features

1. **Simple Syntax:** Just write Markdown
2. **Themes:** Customizable appearance
3. **Code Highlighting:** Great for technical content
4. **Export Options:** HTML, PDF, PPTX

Slide 4: Code Example

```
def hello_world():  
    print("Hello from Marp!")  
  
hello_world()
```

Slide 5: Integration Benefits

- Presentations stored as Markdown in version control
- Automatic conversion to HTML
- Seamlessly integrated into your website

Thank You!
